INCREASE

**Rider No. 5 – Universal Service Charge**

**Eighth Revised Page No. 93  
Cancelling Seventh Revised Page No. 93**

In accordance with the provisions of the Annual Update section of Rider No. 5 – Universal Service Charge, the annual adjustment to the Company's Universal Service Charge is being filed. The USC increased from 1.549 cents per kilowatt-hour to 1.599 cents per kilowatt-hour effective January 1, 2026.

**STANDARD CONTRACT RIDERS - (Continued)****RIDER NO. 5 – UNIVERSAL SERVICE CHARGE****(Applicable to Rate Schedules RS, RH and RA)****APPLICABILITY**

The Universal Service Charge ("USC") is instituted as a cost recovery mechanism to recover the costs incurred by the Company to provide its Commission approved Universal Service and Energy Conservation Plan. The USC shall be applicable to all residential customers who take distribution service under Rate Schedules RS, RH and RA except for residential customers in the Company's Customer Assistance Program ("CAP"). The USC provides for the recovery of the costs, excluding internal administrative costs, associated with universal service programs provided by the Company to residential customers. The USC shall be determined to the nearest one-thousandth of one (1) cent per kilowatt-hour ("kWh") in accordance with the formula set forth below and shall be applied to all kilowatt-hours delivered during the billing month. The USC is a non-bypassable charge.

**RATE**

In addition to the charges provided in this Tariff, an amount of 1.599 cents per kilowatt-hour shall be added to the distribution energy charges per kilowatt-hour of each applicable rate schedule to determine the total per kilowatt-hour charge. The USC shall not be applicable to customers enrolled in the Company's CAP.

**(I)****CALCULATION OF CHARGE**

$$USC = [ (US_c - Cr - E) / S_{Res} ] * 100 * [ 1 / (1 - T) ]$$

Where: USC = The charge, in cents per kilowatt-hour, to be applied to each kilowatt-hour delivered to all applicable non-CAP customers who take distribution service under the residential retail rate schedules under this Tariff.

US<sub>c</sub> = Universal Service Program costs, which are the estimated direct and external administrative costs to be incurred by the Company to provide Universal Service to customers for the USC Computational Year. Such costs shall include, but are not limited to, preparation of the Needs Assessment, Universal Service Plan development, Impact Evaluation and educational materials. Universal Service Programs include the following programs which may change from time to time:
